

PLEDGE ORGANIZER

We suggest that you update your pledges between 2-4 times (weekly is a good idea), informing them of information you are learning in class and on your own. Information should contain at least these basic points:

- The Parties and their leaders
- The issues related to the campaign
- Specific electoral district info, including candidates
- News about the campaign, including links to news stories or particular websites
- All information pledge's will need to cast their ballots, including voting place locations

Organize your information in point form here, and send it later to pledges in an email.
